

The poster features a collage of four athletes: a man in a blue shirt pointing forward, a woman in a blue athletic top and white cap running, a woman in a black and orange athletic top with her mouth open in a shout, and a man in a white shirt reaching up to catch a volleyball. A large, stylized white number '12' is superimposed over the center of the collage. The background is a mix of teal and light blue with water splashes.

General layout

Medals and Trophies

The highlight of the Company Cup is the presentation of medals and trophies to companies and athletes, based on a number of criteria. For each sporting event and in each category, the top 3 finishers win an individual medal : Gold, Silver, Bronze. For each sporting event, the top 8 finishers earn points for their company, which can then compete for the trophy in their division.

5 Divisions are established according to the number of registered employees :

- Division 1 : 1 to 10 participants
- Division 2 : 11 to 20 participants
- Division 3 : 21 to 50 participants
- Division 4 : 51 to 100 participants
- Division 5 : over 100 participants

► **The DIVISION CHAMPION** trophy is awarded to the company with the most points in its division. 1 winner per division.

► **The STRONGER TOGETHER** trophy goes to the company registering the highest number of employees for the event.

► **The MEDALS** trophy is awarded to the company that has won the most gold medals in all divisions. In the event of a tie, the silver and bronze medals are taken into account. If two companies are still tied, the one with the fewest participants wins the trophy.

► **The MOST FUN COMPANY** trophy rewards the most dynamic company during Company Cup.

Trophies will be awarded at the end of all sporting competitions on the event podium.

Medals will be awarded directly to each sport at the end of the finals.

AFTER A DAY OF SPORT, JOIN THE

Games Party !

A FESTIVE AND CONVIVIAL
EVENING TO CELEBRATE
THE COMPANY CUP

ON THE PROGRAM : BUFFET DINNER & DJ SET

Participation

Registrations close on 31 May 2025

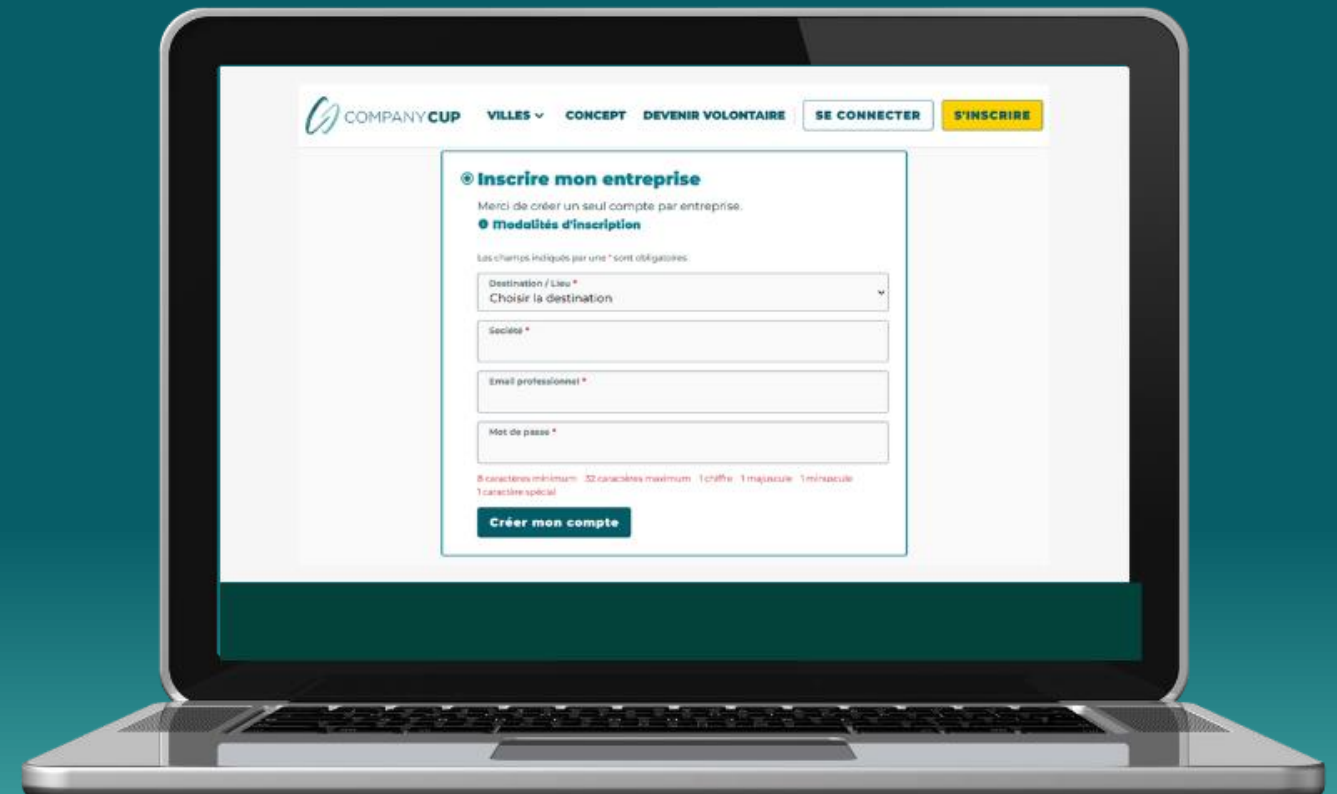

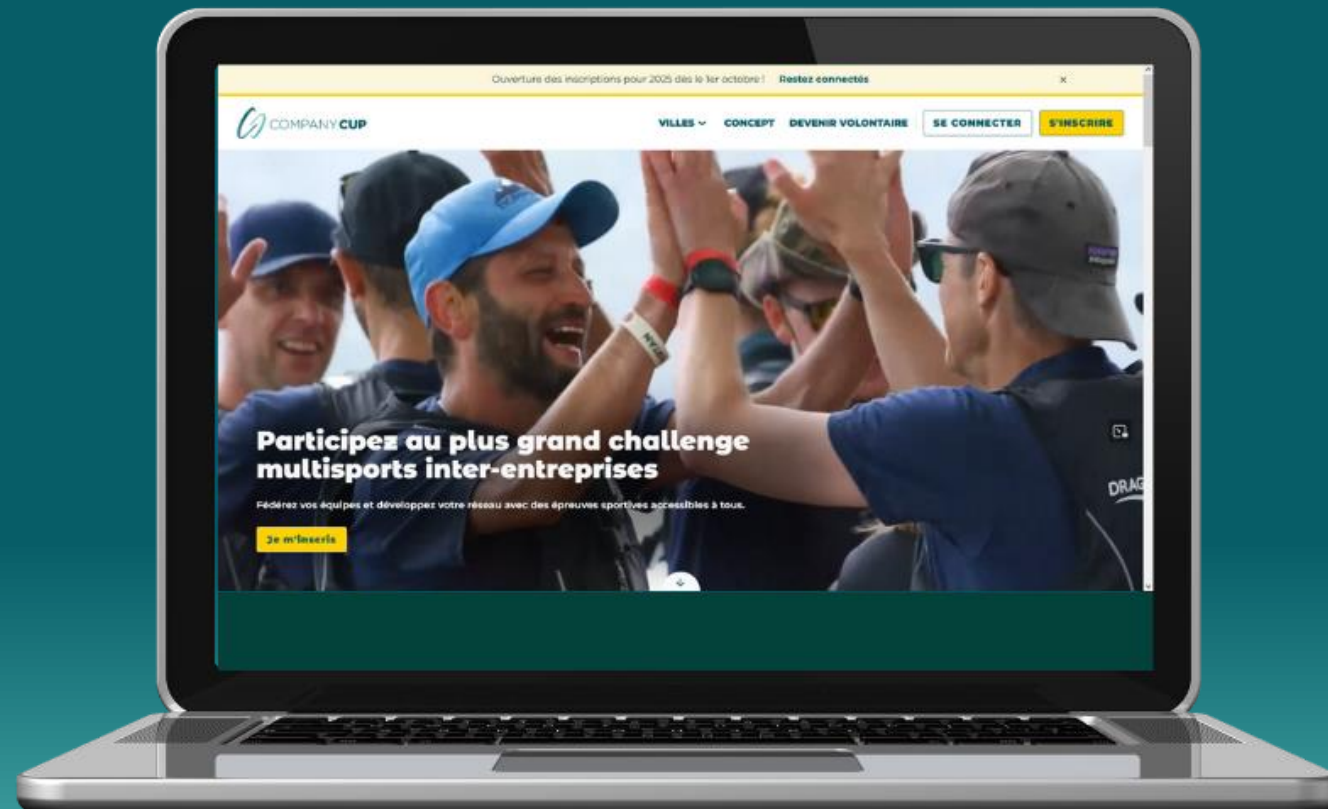

Participation conditions

- It is not possible to enter a person from outside the participating entity who is registered on the lists of high-level sportsmen and women, failing which they will be disqualified.
- Any participant using another participant's badge, or taking part in a sport other than the one(s) for which they are registered, will be disqualified.
- Each participant and company expressly authorise the organisers to use any still or audiovisual images in which they may appear for any promotional media.

How to register ?

Step 1 :

Go to www.company-cup.fr/zurich >> REGISTER

Step 2 :

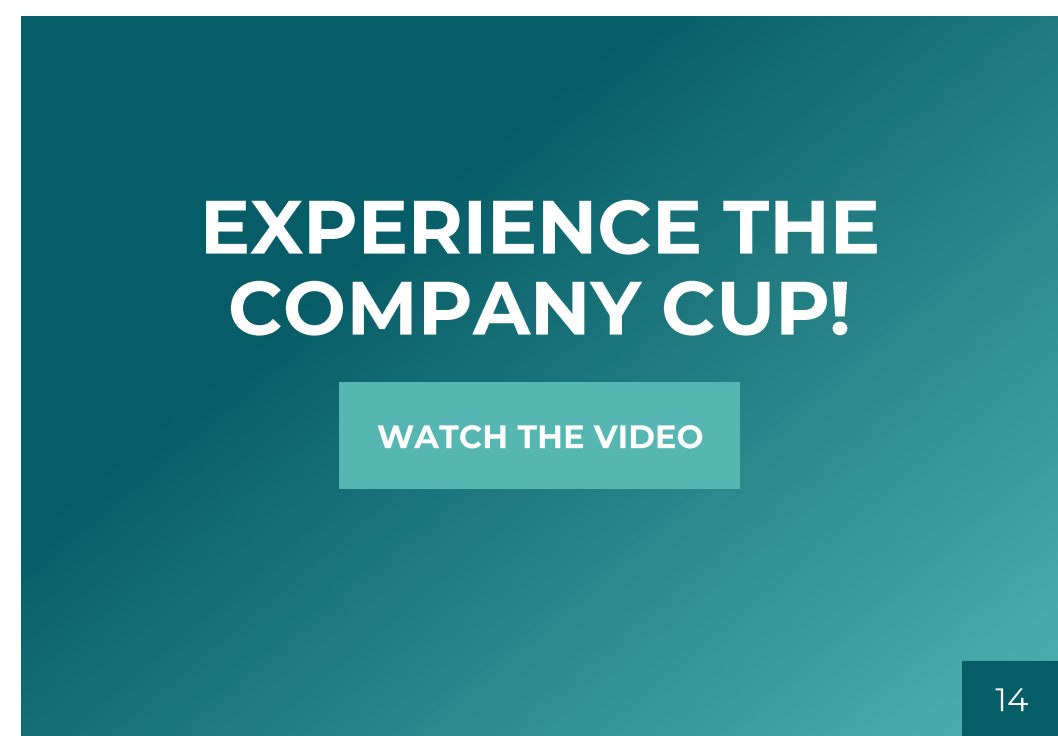

Choose the 'Zurich 2025' destination

Fill in the fields: Company, e-mail address and password

Tick the boxes corresponding to the terms and conditions, regulations and image rights

Step 3 :

Click on CREATE MY ACCOUNT. This will take you to your space where you can create your company profile and integrate your colleagues.

EXPERIENCE THE
COMPANY CUP!

WATCH THE VIDEO

A responsible event

Let's protect our planet!

LOCAL

We favour purchases and services from regional suppliers. We rely on the town's sports associations to organise the event. We limit pollution, nuisance and any disruption to biodiversity and local populations.

TRANSPORT

We encourage the use of public transport and car-pooling. The car parks provided will be free of charge, provided that the car has been used a minimum of 4 times. Free shuttle buses will run between the car parks and the various sports venues.

PURCHASE

We apply the 5Rs rule (Refuse, Reduce, Reuse, Return to the Earth, Recycle) to our purchasing, production and design processes. We rethink our purchasing to reduce waste at source (paper printing, badges). We encourage the use of committed suppliers (favouring employment in the adapted and protected sector).

Catering

The caterers will be local and will guarantee organic and seasonal products. To reduce waste production, we are inviting participants to bring their own reusable cups, which can be rinsed with water on site. For those who don't have their own cups, there will be €1 cups for sale at the various sites. Water points will be available at all the sites to allow participants to fill their water bottles.

Waste

We limit single-use waste and ensure that it is managed efficiently. We are setting up a selective sorting system on the sports sites and in the village. The reception teams will be made aware of and trained in this sorting system. Special boxes for glass will also be placed in strategic locations so that you can dispose of empty bottles. A clean-up team will be on hand to keep the site clean at all times, while allowing participants to sort their waste.

Benefits

FOR PARTICIPATING COMPANIES

Strengthen the internal cohesion of your teams

Sport is a simple and fun way to create links between employees and strengthen the feeling of belonging to the company. The event is also an opportunity to organise preparatory training sessions!

Promoting corporate sport

Numerous studies claim that sporty employees are more productive. Company cup encourages the most experienced employees to take up sport, as well as introducing everyone to sport through the wide choice of sports on offer.

Meet new partners and prospects

The friendly, relaxed spirit of the Company Cup enables new business opportunities to be initiated in an informal setting.

Standing up for your values

Use sport to convey your corporate values and culture! Respect, team spirit, surpassing oneself, performance... values that are present in sport and can be transposed to the corporate world.

Develop your reputation with companies and the general public

The Company Cup represents a unique opportunity to benefit from high visibility among companies before and during the Games through our various sponsorship offers. Our local and national partnerships will enable you to associate your image with the values of sporting ethics and entrepreneurship.

For the employee

IMPROVED PEACE OF MIND
+ 3 years LIFE EXPANSION
+ 6 years DELAY IN DEPENDENCE AGE

For the company

REDUCED ABSENTEEISM
6 to 9% GAIN IN PRODUCTIVITY
4 to 14% IMPROVED PROFITABILITY
